MEMORANDUM FOR : Director, Foreign Broadcast Information Service
THROUGH : Chief, Operations Group
SUBJECT : Monthly Report--Gulf Bureau--October 1985

I. OPERATIONS

A. Monitorial/Editorial

1. Since June, Gulf Bureau has been backstop recording for BBC Tehran Domestic Service in Persian on Fridays from 1230-1315 GMT, during which time the recorded Tehran Friday sermons are carried. The Tehran short wave frequency monitored by BBC carries Bengali programming during this period. On 4 October, Tehran announced that the recorded sermons would henceforth be broadcast after the evening prayers, once again falling with BBC's period of monitorability. Thus, coverage responsibility for the recorded sermons has been returned to the BBC.

2. On 10 October, bureau Persian monitors covered live from Tehran Domestic Service in Persian at 0548 GMT the swearing-in ceremony of Iranian President Seyyed 'Ali Khamene'i at the Iranian Majlis in Tehran. Following the swearing-in, the president gave a 11-minute address. FYI's were prepared and the oath of office and speech filed as separate items.

3. In preparation for the summit of the GCC heads of state to be held in Muscat, Oman, on 3 November, the GCC defense and foreign ministers met separately in Kuwait and Muscat, respectively, to discuss issues to be dealt with by the heads of state. Comments by the various GCC ministers suggest that the foremost issue to be discussed will be that of security in the Gulf region. The bureau has made special staffing arrangements to handle all radio, press, and television coverage throughout the summit.

4. Gulf Bureau participated in the semiannual check of Soviet regional and Moscow Radio international broadcasts following the introduction of fall/winter frequency changes on 29 September. Chief Monitor [] directed the cruising effort, assisted by the bureau's three unit chiefs. In addition, on 30 September/1 October, Central Asian unit chief [] and senior monitor [] conducted an exhaustive overnight survey of Soviet regional domestic service radios monitorable at the bureau. Their observations were filed as a cruising message.

Arrangements were made to send the copy to the Wire via DHL the same day.
